| <b>Description</b>                                                                                                                                                                                                                                                                       |                    |  |
| With following addition                                                                                                                                                                                                                                                                  |                    |  |
| <pre>class String   def pretty_print(q)     lines = self.lines     if lines.size &gt; 1       q.group(0, '', '') do         q.seplist(lines, lambda { q.text ' +'; q.breakable }) do  v            q.pp v         end       end     else       q.text inspect     end   end end</pre>    |                    |  |
| a multiline String will print as follows                                                                                                                                                                                                                                                 |                    |  |
| <pre>[9] pry(main)&gt; pp "bundler.rb"=&gt; "module Bundler\n  BundlerError = Class.new(Exception)\n  def self f.setup\n  end\nend\n" {"bundler.rb"=&gt;   "module Bundler\n" +   "  BundlerError = Class.new(Exception)\n" +   "  def self.setup\n" +   "    end\n" +   "end\n"} </pre> |                    |  |

History

#1 - 10/11/2016 10:54 AM - shyouhei (Shyouhei Urabe)

- Status changed from Open to Assigned

We looked at this issue in developer meeting today and Akira was positive about this proposal. I'm assigning to him.

#2 - 10/12/2016 10:07 PM - pitr.ch (Petr Chalupa)

Great, thanks. Would you like me to submit it in form of a patch?

#3 - 10/13/2016 01:49 AM - hsbt (Hiroshi SHIBATA)

- Status changed from Assigned to Closed

It's fixed at r56391

#4 - 10/13/2016 01:49 AM - hsbt (Hiroshi SHIBATA)

- Project changed from 14 to Ruby

#5 - 10/21/2016 10:31 PM - pitr.ch (Petr Chalupa)

Thanks!
