

Ruby - Bug #12774

TkDND cannot handle text/plain, text/uri-list type well

09/18/2016 01:29 PM - dogatana (Toshihiko Ichida)

Status:	Rejected	
Priority:	Normal	
Assignee:		
Target version:		
ruby -v:	ruby 2.3.0p0 (2015-12-25 revision 53290) [i386-mingw32]	Backport: 2.1: UNKNOWN, 2.2: UNKNOWN, 2.3: UNKNOWN
Description		

History

#1 - 09/18/2016 01:38 PM - dogatana (Toshihiko Ichida)

- File diff_u.txt added

- Subject changed from TkDND `text/plain` to TkDND `text/plain, text/uri-list`

- ruby -v set to ruby 2.3.0p0 (2015-12-25 revision 53290) [i386-mingw32]

I'm sorry that I posted this to ruby-core unintentionally.

It seems that I cannot change the property of this ticket

by myself, so I try to explain this in English

ext/tk/lib/tkextlib/tkdnd.rb cannot handle text and filelist well.

1. text/plain:
it does not give a plain text to caller but a array of String splitted by white space.
2. text/uri-list: it gives unnecessarily encoded String .
3. text/uri-list: it does not cover Windows filename that uses space and backspace in it.

There was a discussion about this in [http://blade.nagaokaut.ac.jp/cgi-bin/scat.rb/ruby/ruby-list/50357] and I suggested a patch to fix above issues.

Ruby 2.4 seems to have already dropped Tk, but I'm happy that this issues will be fixed in the next release even if it's a gem.

I attach the result of "diff-u"

I'm sorry again for bothering you all

#2 - 09/21/2016 10:21 PM - dogatana (Toshihiko Ichida)

- Subject changed from TkDND `text/plain, text/uri-list` to TkDND cannot handle text/plain, text/uri-list type well

#3 - 09/24/2016 01:32 PM - hsbt (Hiroshi SHIBATA)

- Status changed from Open to Rejected

Thank you for report. But tk has been extracted trunk branch.

Can you submit your patch to <https://github.com/ruby/tk> via pull request?

Thank you.

#4 - 03/01/2017 11:39 AM - basex (Filipe Goncalves)

There is no Issue tracker in <https://github.com/ruby/tk>
Where should we report bugs related with tk?
